PROJECTS

Dictionary Website | <https://github.com/alexander1262/Dictionary-3-API-Project> | <https://rapperthedabber.github.io/Daring-Dinoursars/> |

- Our group developed a website that makes 3 API calls (Dictionary API, YouTube API, Wikipedia API) to display the definition, first 5 YouTube results, and Wikipedia article on your entered word.
- I developed the HTML, CSS, and worked with the 3 API fetch calls to have the information display on the page. I also did bug fixing on the project.
- Developed with HTML, CSS, Javascript, and JQuery

Employee Tracker | <https://github.com/alexander1262/Employee-Tracker> |

- A MySQL based application that allows the user the ability to add, view, or delete and employee, role, or department and the ability to view departments by budget.
- Developed with Javascript, Sequelize, Express.js, Node.js, and MySQL

Dictionary Website | <https://github.com/alexander1262/Professional-README-Generator> |

- A project where the user is prompted with questions that will be used to generate a professional README for their own projects on GitHub.
- Developed with Javascript, Node.js, Inquirer

EXPERIENCE

Senior Teaching Pro
Doylestown Tennis Club

2021-2022
Doylestown, PA

Taught lessons, ran junior programs, and conducted adult drills for the best voted tennis club in Bucks County. Directed a team of between 3 to 10 junior coaches while also conducting lessons plans both ahead of time and on the spot to accommodate the program for all students. Had to problem solve constantly in lessons to create a strategy for each private lesson.

Key Accomplishments:

- Tennis Club was voted Best in Bucks County while I was one of the 5 Senior Pros

EDUCATION

Boot Camp Certificate: University of Pennsylvania, Philadelphia

A 24-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express, Handelbars.js, and ReactJS.
